

EDGE FACILITY RULES:

'Who can be where' during practice/warm-up time? During practice/warm-up, only players, the head coach, and assistant coaches specifically designated by the head coach are to be in the designated FCBC warm-up area (East or West Field for K-2nd, 1 tunnel/1 lane for Gr 3-8). Parents and siblings are **NOT** to be out in the practice area. This practice area is for the team warm-up/practice and not meant as a play area for siblings.

Important Note: With indoor baseball, space is very limited. There are no large, open areas of grass around the field as there are outdoors. Therefore, during the practice-only sessions for K-2, and for all sessions for Grades 3-8, there is NO room in the Edge for siblings to play! If they are present, they will need to sit on the bleachers in the lobby during the entire session. Therefore, we strongly encourage you to either 1) bring something for the kids to read or watch, or 2) not to bring children other than the player(s) on the team.

Please do not ask to use other areas of the facility, even if unoccupied, or to start your practice earlier than scheduled. If you would like to rent one of the areas, please do so at the front desk. Due to this facility being used by other paying customers, teams must adhere to this rule otherwise it may place your team with a forfeit.

'Who can be where' during the game? During the game, spectators are welcome to watch from the designated spectator areas, as follows:

- Grades K - 1 & 2: Bleachers and benches will be setup up on The Edge synthetic turf, beyond the 'outfield' fence. Please be sure that siblings are not throwing balls of any kind in this area – this includes baseballs, soft baseballs, footballs, etc. There is too much chance someone will get hurt. No spectators allowed on the field of play.
- Grades 3 - 8: (hard balls are used) Bleachers will be setup in 'center field' and in the lobby, all behind chain link or screens. No spectators allowed on field.

How can you help us keep The Edge synthetic turf clean? There no rain or snow to help clean the indoor field, and we can't sweep it, vacuum it, or mop it: cleanup is essentially by hand! So please help by following these rules

- There is NO gum, seed, food or drinks of any kind other than **WATER** allowed on the field, spectator areas located on the field, dugouts, or in the player's bag. [Please check your player's bag to make sure there is no food, drink or seeds left over from the summer!]
- Only plain Water (no vitamin water, Gatorade,) is allowed to be brought on the field.
- Finally, **there is NO SPITTING allowed!**

Spectators: If you wish to have food or drink during the game, please do so in the lobby where there is a concrete floor. Players or spectators that do not abide by these rules may be asked to leave the facility.

This is our 6th year of indoor baseball at The Edge, and we are sure that lots of fun and learning will be had by all.
